

2012 Dimensional Management Seminar Series

[Advanced Dimensional Management](#) is pleased to announce our next Seminar Series.

Our Seminars are open to the general public and available on a first-come-first-served basis. Follow the links below for more information. Register early to reserve your place and receive an Early Registration Discount.

In-Person Seminars:

- [Level 1 Geometric Dimensioning & Tolerancing Seminar](#)
January 16-18, 2012: Holiday Inn, Wilsonville, Oregon
- [Level 2 GD&T & Applications Seminar](#)
February 13-15, 2012: Holiday Inn, Wilsonville, Oregon
- [Level 1 Tolerance Analysis Seminar](#)
March 12-14, 2012: Holiday Inn, Wilsonville, Oregon
- [3D PMI, MBD, and Advanced Applications of Solid Modeling Seminar](#)
April 16, 2012: Holiday Inn, Wilsonville, Oregon
- [ASME Y14.5-2009 GD&T Update Seminar](#)
April 17, 2012: Holiday Inn, Wilsonville, Oregon

In-Person Seminars Arranged by Request

Our Seminars offer in-depth, multi-disciplinary coverage of these important topics. The material is based on the latest techniques, balancing theory with real-world examples and the challenges faced in today's corporate environment. Although our training is technically rigorous and mathematically precise, we take great care to present it in an easy-to-understand and engaging manner. This is simply the best training available on these subjects.

Each Seminar expands on the previous Seminars, providing more in-depth coverage and more tools to understand and solve your day-to-day Dimensional Management and Dimensioning and Tolerancing challenges. The Seminars may be attended individually or as a series.

[Manuals, Workbooks](#), Course Completion Certificates and lunch are included in the Seminar Fee.

An individual license for our [Tolerance Stackup Software Toolset](#) is included in the fee for the Tolerance Analysis Seminar.

About Our Company and Your Instructor:

[Advanced Dimensional Management LLC](#) is based in Sherwood, Oregon. We are worldwide leaders in GD&T, Tolerance Analysis, Dimensional Management, Dimensional Engineering and related disciplines.

Bryan R. Fischer, President of *Advanced Dimensional Management LLC*, offering consulting and training services, books, and software in GD&T, Dimensioning and Tolerancing, Tolerance Analysis, Dimensional Management, Engineering Standards and Practices. He is a published author and has written extensively on GD&T, Tolerance Analysis, Engineering Standards, Design Practices and related subjects. His books include “The Journeyman’s Guide to Geometric Dimensioning and Tolerancing”, “Mechanical Tolerance Stackup & Analysis” 2nd Ed., and “Tolerance Stackups, Tolerance Analysis & Tolerancing: Fundamentals, Philosophy, Techniques and Application,” the 11th edition of the IHS Global “Drawing Requirements Manual,” and the “GD&T Update Guide: ASME Y14.5-2009.” He is a member of many national engineering standards committees, dealing with Geometric Dimensioning & Tolerancing (GD&T), and the Y14.5, Y14.41, Y14.43, Y14.45, Y14.100, and ISO standards. Bryan is a worldwide leader in the development and implementation of new standards and practices for adopting and implementing 3D model data as design deliverables and throughout the product lifecycle. He is also an ASME Certified Senior Level GD&T Professional.

Please plan on attending these exciting and important seminars. You will benefit, your career will benefit, and your employer will benefit. If you are a professional engineer, the time spent in these seminars counts toward your Professional Development Hour requirements:

- 20 hours for 2½ -day seminars

If you are not the right contact please forward this announcement to the appropriate party. We hope to see you in Wilsonville!

Please feel free to [contact us](#) for more information or visit our website for more information.

The Advanced Dimensional Management Seminar Series:

Intense, demanding, rewarding ... Simply the best training available.
